Doug –

DOJ Environment and Natural Resources Division has issued the attached memorandum, setting forth certain principles that inform and guide the Division's enforcement work and identifying several of the Division's current enforcement priorities.

As the memo explains, the enforcement principles that DOJ/ENRD articulates in this memorandum relate to: (1) adhering to the impartial rule of law; (2) enhancing cooperative federalism; (3) exercising pragmatic decision-making; (4) employing the full range of enforcement tools; (5) coordinating with agencies; (6) collaborating with the United States Attorneys' Offices; and (7) protecting taxpayers and the public fisc.
